

Clinical Supply Manager

Join an international drug development consultancy and contribute with strategic advice and operational support to clients based in Europe, the US and Asia.

At KLIFO, you'll be part of a highly specialised team of experts who value workplace flexibility and collaborate to help our life-science clients across different therapeutic areas realise their unique projects.

Become part of an experienced and dedicated team

KLIFO Clinical Trial Supply Solutions optimises clinical trial supply by offering proactive management throughout the supply and logistics process. As Clinical Supply Manager you will be working with a diversity of tasks from planning and coordinating clinical trials in close dialogue and cooperation with our clients.

In Clinical Supply Management, we are a team of 24 highly competent and engaged colleagues with an excellent team spirit and dedicated leaders.

In the role as Clinical Supply Manager, you'll contribute by:

- Planning and coordinating clinical trials
- Having close dialog and cooperation with our clients
- Thinking out packaging design and blinding setup
- Preparing and approving label text
- Preparing packaging records
- Cooperating with our distribution with regards to distribution setup
- Sourcing of comparators

Your background and qualifications

You are collaborative and flexible and have an independent, proactive and positive mindset. You enjoy having interactions with other stakeholders and thrive in a client-focused role. You want to contribute to a culture of trust and transparency.

Furthermore, you:

- Are experienced with GMP and experienced within the pharmaceutical industry.
- Good communication skills (written and oral), in both Danish and English

Location

Glostrup, Denmark

Employment

Full time, Permanent
